- At the time of admission each family will be allotted car stickers for each of their vehicles. Ensure that all of your vehicles that travel to school on any given day have the identification stickers applied to the bottom left hand side (the front passenger side) of the front windscreen. This is an identification marker for your vehicle as the sticker number is logged in our database against your child's profile. Please inform the school via email at info@haqueacademy.edu.pk if you are no longer in possession of a certain sticker number. Any one sticker applies to one family vehicle; there is no need to apply a second sticker to the same vehicle in the case of siblings. Vehicles without stickers will be considered suspicious and subject to scrutiny.
